TECHNICAL DATA SHEET

PACTOP®

TDS NO: PG-QMS-TDS-014
Rev: 00
Date: 01-01-2025

Description

PACTOP, also known as Pacfort Top Frame or commonly known as a top frame, are special covers used to ease the strapping of irregularly shaped products. PACTOP also provides a flat and straight surface for easy stacking during shipments and transportation. As per ISPM15 law and regulations, no fumigation or treatment is required thus resulting in PACTOP being a less expensive alternative to wood.

PACTOP comes in two types:

PACTOP-C

PACTOP-C or the close design is identical to a box lid or cover. This design fully covers the items being protected.

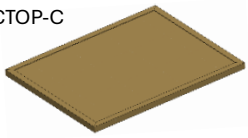

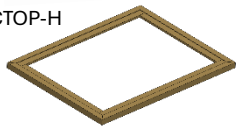

PACTOP-H

PACTOP-H or the hollow design is made to cover items that are less-sensitive to dust and provides a quick window-view.

Composition

PACTOP is 100% recyclable and made of 80% recycled materials. **PACTOP** is made of different types of paper and glue.

Specifications

Product Type	**PACTOP**		
Dimension	(L)400 – 5000 mm x (W)400 – 1500 mm x	-5mm, +10mm	PACTOP-C  PACTOP-H
